

My dear students,

**We are going to build a school
on the Moon.**

**Please think of many things that
are necessary on the Moon.**

**Then, choose the three most
important ideas.**

**The main goal is to make a school
which people from many
countries can live happily in.**

My dear students,

Sorry, I forgot to tell you.

**Choose the most important one
from the three ideas.**

**Write it and your reason
on the idea sheet.**

**I will give you the idea sheet
later.**

**You can write it in English or
Japanese.**

Thank you!

Principal
